Thanks Jake and Chris. I really appreciate it.

I'm copying Wes who is the point of contact in Gov. Abbott's office.

Peter

Good morning! I reviewed the letter and received approval from the Governor.
Last night, I confirmed with RGA that the Governor's signature will be on the letter.

Thanks

Jake

Peter,

I am out of the office today. I asked Jake to get this in front of the Governor today. I have copied him on the response.

Thanks Chris.

I did want to loop back to see if I should go ahead and reach out to someone due to the looming deadline.

I believe the RGA distributed the letter and some supporting documentation for review last week that I can dig up to forward to the appropriate person.

We'd love to be able to list Gov. Fallin as a signee on the letter when it's submitted tomorrow.

I appreciate your consideration and understand if it's not feasible to make a determination.

Best,

Peter

Thanks Chad.

Chris, thanks for taking a look at this.

I'm happy to talk with you or anyone in your office. We would love to have Gov Fallin join the letter. I believe Gov. Abbott's office is trying to finalize it at the end of the day in order to submit tomorrow in time for the federal rule making deadline. I believe Brian Sanderson at the RGA has shared this letter with the point of contact as well as some supporting information which I'm happy to pass along as well. My apologies for the short notice.

Best,

Peter

Boss man I hope all is well with
you. We need to grab lunch soon!

Please see the email below from
Peter Barnes with AFPM. They
are working with Governor Abbott
on a letter from governors about
revising federal CAFE standards
and would like Gov. Fallin to
consider signing on as well. I
have CC'd Peter in case you have
additional questions.

Talk to you soon,

Chad

with Gov. Fallin's
office regarding fuel
economy standards**

Chad

I hope you are well. I

was hoping you might be able to connect me with the appropriate person in Gov. Fallin's office.

Governor Abbott is leading a joint letter (attached) from Governors supporting the proposed revision to federal Corporate Average Fuel Economy standards.

I was hoping to connect with someone in her office to answer any questions as well as to encourage their consideration of joining on the letter.

The contact person that is coordinating the letter is Brian Sanderson, he can be reached at bsanderson@rgppc.org to affirm participation. The deadline to submit this letter to the appropriate federal agencies is this Friday so we are trying to finalize this in the next day or so.

Any help is greatly appreciated!

Best,

Peter
